

# Summer Camp

Each camper will receive a progress note at the end of each week with progress note on his/her plan of care. \*Please note this is a therapeutic program and each camper will need an assessment PRIOR to enrolling in camp.

Social Butterflies Club® Social Skills Program teaches social communication/play skills to children in a fun, structured environment. The unique structure of our program also develops speech, language, fine motor, gross motor, and social/play skills. We have been providing services to the Hampton Roads area since 2004. SBC uses therapeutic methods combined with a specialized curriculum in our social groups. Our lead therapists are certified Speech-Language Pathologists or Occupational Therapists who have been trained in the Social Butterflies Club® program along with other therapy methods such as sensory integration. All of our assistants are also trained in the program for continuity of services provided to the children.

#### SUMMER CAMP THEME 2019

Week 1 Jungle Explorers	Campers will head into the wild to explore the jungle with friends! Who knows what animals we will encounter during our explorations! Our friends will work together to learn about the jungle and all things wild. Jungle themed games and activities will kick off our first week of summer camp this year.
Week 2*no group 1/4 Party in the USA!	We will be celebrating the USA and preparing for a picnic celebration this week in camp. Campers will be preparing for the big celebration on the 4 <sup>th</sup> of July! We will learn how to play the classic outside games with our friends. Tug-O-War and hopscotch are just a couple of games we will try this week. Campers will also learn ways to manage loud fireworks and the many festivities that surround our nations birthday. There will be "S'More" fun activities like cooking fun summer snacks!
Week 3 Sea Explorers	Our campers will explore the depths of the under sea world with their friends. The sea has so many interesting animals to learn about! Pretend play skills will be developed by using sea life props. Sea life themed activities will challenge the explores to work together to complete the daily expeditions. Water play will be a MUST in this week's camp fun!
Week 4 Sharks & Minnows	Our brave campers will learn about sharks and their different habitats while completing social learning activities with peers. Of course we will learn to play "Sharks & Minnows," a common game among children of all ages.
Week 5 A Galaxy Far, Far Away	Our Campers will venture to a galaxy far, far away with their friends. We will use the "force" to guide us and learn the ways of the Jedi to maneuver our social interactions. We will learn mindfulness (like the Jedi masters) and self regulation strategies to help us make and maintain peace "in the galaxy" where we live.
Week 6 Shipwrecked!	Our campers will be shipwrecked with pirates! We will dress up in pirate costumes and learn through imaginative play. This is a great opportunity for kids to learn to play cooperatively with a group. We will also learn to play pirate themed games, a challenge for most children!
Week 7 Prehistoric Explorers	Campers will explore the prehistoric world building their play skills and social interaction skills. Dinosaur games and activities along with our famous "Dino Museum" are sure to make them want to go back to prehistoric times!
Week 8 Superhero Training Camp	Our popular SUPERHERO theme is back this summer. Each year children from all over attend the superhero training camp to learn the skills of heroes and heroines. Our trainees will learn the core value of all superheroes- Helping Others! We will also learn several other character traits of superheroes along with agility training and team building.
Back To School Group Week 1	Get ready to go back to school! Our popular Back to School group prepares participants to get back into the school routine! A great way to transition from summer to the new school year.
