

Summer Camp

Social Butterflies Club® Summer Camps run daily Monday- Thursday from 10:00 am-12:00 pm. The camps are structured just like our traditional 1x per week therapeutic groups. However, camps are a more intensive approach because of the daily frequency and 2 hour duration. Each camper will receive a progress note at the end of each week with progress note on his/her plan of care. *Please note this is a therapeutic program run by Speech-Language Pathology/Occupational Therapy staff and each camper will need an assessment PRIOR to enrolling in camp.

COST- \$385.00 per week

SUMMER CAMP THEME

Starting

Ending

Social Butterflies Club® Social Skills Program teaches social communication/play skills to children in a fun, structured environment. The unique structure of our program also develops speech, language, fine motor, gross motor, and social/play skills. We have been providing services to the Hampton Roads area since 2004. SBC uses therapeutic methods combined with a specialized curriculum in our social groups. Our lead therapists are certified Speech-Language Pathologists/Occupational Therapists who have been trained in the Social Butterflies Club® program along with other therapy methods such as sensory integration. All of our assistants are also trained in the program for continuity of services provided to the children.

SUMMER CAMP THEME 2022

Week 1 Ahoy Matey!	We will kick off summer camp with our pirate friends! Our campers will dress up in pirate costumes and learn through imaginative play. This is a great opportunity for kids to learn to play cooperatively with a group. We will also learn to play pirate themed games, a challenge for most children!
Week 2 Party in the USA!	We will be celebrating the USA and preparing for a picnic celebration this week in camp. Campers will be preparing for the big celebration on the 4th of July! We will learn how to play the classic outside games with our friends. Tug-O-War and hopscotch are just a couple of games we will try this week.
Week 3 Under the Sea	Our campers will explore the depths of the under sea world with their friends. The sea has so many interesting animals to learn about! Pretend play skills will be developed by using sea life props. Sea life themed activities will challenge the explores to work together to complete the daily expeditions. Water play will be a MUST in this week's camp fun!
Week 4 Over the Moon	Our campers will venture to a galaxy far, far away with their friends. We will use the "force" to guide us and learn the ways of the Jedi to maneuver our social interactions. We will learn mindfulness (like the Jedi masters) and self regulation strategies to help us make and maintain peace "in the galaxy" where we live.
Week 5 Off to the Circus	Our campers are headed to the circus! We will go under the big top for fun games and activities with our friends at the circus. Campers can expect to learn some acrobatics in our sensory gym and outside play area using the trapeze swing, learn to walk a "tightrope", and clown around with fun circus crafts.
Week 6 Mad Science	Campers will be mad about science in this weeklong camp! We will be building and creating using various materials making a complete sensory experience with our friends. Campers will learn the important skill of working together to complete an activity. Expect to get messy this week!
Week 7 Dinosaur Week	Campers will explore the prehistoric world building their play skills and social interaction skills. Dinosaur games and activities along with our famous "Dino Museum" are sure to make them want to go back to prehistoric times!
Week 8 Mission Impossible	Lookout! The Spy Kids are back... Campers will practice solving mysteries of the social world with their peers. Agility, sensory, and motor planning activities will help our detectives keep their spy skills sharp while working to solve common social problems.
Week 9 Superheroes in Training	Our popular SUPERHERO theme is back this summer. Each year children from all over attend the superhero training camp to learn the skills of heroes and heroines. Our trainees will learn the core value of all superheroes: Helping Others! We will also learn several other character traits of superheroes along with agility training and team building.
Back To School Group Week 1	Get ready to go back to school! Our popular Back to School group prepares participants to get back into the school routine! A great way to transition from summer to the new school year.
Back To School Group Week 2	Get ready to go back to school! Our popular Back to School group prepares participants to get back into the school routine! A great way to transition from summer to the new school year.

All Camps will be held at our Social Learning Center in Virginia Beach. 600 Independence Blvd. Virginia Beach, VA 23462 757-422-6342
